Enter & Grow Your Business in Green Construction

Free training, BPI certification, and 1-on-1 navigation support for Portland-area contractors

WHAT YOU GET

Free Trainings & Certifications

BPI certifications, technical skills, and green building expertise – at no cost to eligible participants.

1-on-1 Green Construction Navigation

Individualized support to help you identify the right pathway and connect to resources tailored to your business.

Financial Support Available for BPI Trainees

Eligible BPI trainees may receive up to $5,000 for stipends, exams, and tools. Low-cost loans up to $20,000 may also be available.

Spanish Bilingual Support Available

Navegación y apoyo disponibles en español

TARGET AUDIENCE

Contractors looking to enter or expand into the green building sector and looking for support to make that transition.

WHO QUALIFIES

- Small business owner (50 or fewer employees)
- Active Oregon CCB license
- Current City of Portland business license + State of Oregon registration
- Business or home address in the Portland MSA (Clackamas, Columbia, Multnomah, Washington, Yamhill, Clark, or Skamania County)
- Majority of work performed within the City of Portland

HOW TO APPLY

1. **Complete the online application form**
2. **A Green Construction Navigator will reach out** for a consultation and to confirm eligibility
3. **If eligible, you and the Navigation team will build an individualized pathway** into green construction
4. **If not yet eligible, a Navigator can suggest resources** to help you get there
